PEACHES

Throughout the South and Southwest, on every kind of soil, peaches thrive and bear abundantly. An acre or two planted in well selected varieties will bring you in an average of \$200.00 per acre, and if the trees are cared for, they will live and bear abundantly for twenty years or more. The two best market varieties are Early Wheeler, ripe in May, and Elberta, ripe in July. Let us help you plan a small commercial orchard now. The South needs diversification.

ELBERTA (Free). Too well known to need description. Very large; yellow skin with red cheek, flesh yellow and juicy. A sure bearer, ships well and no orchard should be without it. Middle July.

EARLY ELBERTA (Free). Very large; yellow fleshed, firm and juicy. Without a trace of bitterness as is sometimes noticeable in the Elberta. Fine quality. Follows Carman.

MAYFLOWER (Free.) The earliest peach known. Fruit medium size, entirely covered with red; blooms late. A good shipper and its high color makes it an attractive market variety. Last of May.

EARLY WHEELER. We consider this the most profitable of all early peaches; fine color, firm flesh, good shipper. Early peaches are more profitable—try them.

ARP BEAUTY (Free). The earliest of the yellow-fleshed peaches. Fruit of medium size, skin yellow mottled with red. A desirable variety because of its firm flesh and good flavor. Early June.

MAMIE ROSS. Large, white, almost covered with carmine. Flesh white, juicy and of good quality. One of the best for family use, and probably the best early commercial variety. Semi-cling. Ripens first of July.

J. H. HALE (Free). Large in size and of somewhat better flavor than Elberta. Deep red skin, yellow meated. An excellent variety from every standpoint. Ripens a few days later than the Elberta.

CHINESE CLING (Cling). Large, white skin with red cheek, flesh white, red at the tip. Very juicy and of best quality. Last of July.

INDIAN OR BLOOD CLING (Cling). An old-time variety and an excellent cling peach. Large size; dark red flesh, delicious flavor. Middle till last of August.

OLD MIXON CLING. This splendid old variety is still one of the best. Large, white, cling, juicy, sweet, and splendid bearer. Ripens in July.

MINNIE STANFORD. This is one of the finest yellow clingstone peaches on the market. Large, deep yellow, firm flesh, delicious flavor and sweet. Ripens August, makes excellent sweet pickles and preserves.

BELLE OF GEORGIA. Very large, skin white with red cheek; excellent flavor. Very prolific. Ripens July 1st.

HENRIETTA. Large, yellow cling; flesh yellow, firm, juicy and sweet. A valuable late peach. Ripens September.

PRICES ON ALL PEACH TREES

	Each	10	100
Size 2 to 3 ft. Two Year_____	24c	\$2.25	\$17.50
Size 3 to 4 ft. Two Year, Branched_____	31c	2.90	26.00
Size 4 to 5 ft. Two Year, Branched_____	41c	3.85	35.00
Size 5 to 6 ft. Two Year, Extra Selected bearing sized trees__	49c	4.60	42.50

Throughout this catalog, you will find 5 to 6 ft. extra selected bearing size fruit trees listed. These trees are the pick of our entire crop. We grow about 125,000 fruit trees, and at grading time we select the largest straightest trees, with the best root system, and put them in this 5 to 6 ft. bearing size grade. Most of them will bear the year after planting. Get the best and save time by planting these extra selected trees.

HOW TO PLANT booklet will be sent with each order, giving you explicit instructions on planting and care of trees. Remember! We pay all the transportation charges, and deliver your nursery stock free of charge.

APRICOTS

EARLY GOLDEN. Medium size, orange yellow, fruit sweet, juicy and highly flavored, a fine variety for Southern planting.

MOORPARK. Large size, yellow with orange cheek. This is the variety largely grown in California for canning and drying. Well adapted for West Texas and New Mexico.

AGAIN WE GUARANTEE EVERYTHING TO LIVE!

For the past few years, nursery stock all over the country has been below the average quality, and we have felt we could not guarantee stock to live. NOW, stock in general is very fine, and we therefore GUARANTEE TO REPLACE FREE OF CHARGE anything you buy from us that does not live. This liberal guarantee means your insurance against shoddy stock. This company has been doing business 38 years; we stand behind our guarantee.

PEARS

The pear very justly ranks as one of the most delicious of fruits, by reason of its fine, juicy texture and exquisite flavor and aroma. Of late years, much attention has been given to its culture, and those who have intelligently cultivated it for market have found it to be a profitable occupation.

KEIFER. Fruit large, skin golden-yellow with slight blushed cheek. This variety keeps well and its quality is greatly improved if fruit is ripened in dark cool room. Tree a strong grower and fruit ships well. Matures from September to October.

GARBER. One of the finest and most reliable pears for Southern planting. Large, clear yellow, heavy bearer. Fine market variety; unsurpassed for preserves. Ripens September and October.

BARTLETT. One of the best varieties. Large size; yellow, juicy. Ideal for the home orchard as well as for marketing. An abundant bearer, ripening last of July and early August.

THE NEW DOUGLAS PEAR

This pear is a big money-maker, and if planted extensively will re-establish the pear-growing industry in the South. Quality, very finest, sweet, juicy, highly flavored and melting. Heavy bearer, blight-proof, ripens in July when pears bring a big price. Plant for home use and commercial orchard.

LE CONTE. A bell-shaped yellow pear of good size. Flesh white, firm and juicy. Free, vigorous and bears young. Ripens last of July and early August.

NEW LOW PRICES ON ABOVE PEARS

	Each	10	100
2 to 3 ft. Two Year-----	\$.39	\$3.50	\$32.00

GUARANTEE

We guarantee to replace free of charge any nursery stock you buy from us that is not as represented, that is not true to name, or fails to live.
38 Years of Fair Dealing With Our Customers.

APPLES

TEXAS RED. One of the most highly esteemed apples grown in Texas. Large, solid red, juicy, excellent quality, fine keeper. Ripens in August.

DELICIOUS. Color, brilliant dark red shading to golden yellow; flesh fine grained, juicy and crisp, mildly sub-acid, aromatic. Quality, best. Tree vigorous, thrifty and dependable bearer. Ripens September to October.

CRAB APPLE. We offer a variety that does extra well in this section. Two large trees in Ellis County, nearly a foot through, have borne regularly two or three bushels of crab apples annually. Nothing finer for jelly.

SMOKEHOUSE. A native Southwestern apple; greenish yellow, ripens August to September, tree very vigorous and heavy bearer. The best cooking apple we know. Should be in every orchard.

JONATHAN. This is one of the best late apples for the South. It is a large red apple, with a sprightly flavor, very juicy, and a good keeper. Bears every year in the South.

YELLOW TRANSPARENT. This is a large, transparent, yellow apple of good quality that ripens May and June.

PRICES ON ALL APPLES

PLUMS

Years ago you could buy a good fruit tree for 75c, one that would live and bear fruit true to name. A good fruit tree is still worth 75c. The trouble today is that Tom, Dick and Harry, in a mad scramble to make a little money are offering what they call "Two-Year" fruit trees for 10c and 15c and, through their advertisements lead people to believe that they can still get a good tree for a cheap price. Do not be misled into buying cheap fruit trees. They occupy the same ground a good tree would occupy; they produce nothing even if they live, and are a general disappointment. Buy good stock and avoid all this.

BURBANK (Japanese). Fruit large, deep red overlying a yellow ground. Flesh deep yellow and very sweet. A prolific bearer and a cling, July.

GOLD. Fruit large, yellow with some red. Flesh firm and of good quality. Tree is very productive. A good market variety. Ripens July.

ABUNDANCE (Japanese). Large; amber in color, changing to red. Fruit cling stone, juicy and good. One of the hardiest of the Japanese varieties. Ripens a week later than Red June.

SIX WEEKS. One of the earliest plums, ripens in early May. Bright red, juicy, brings good price on market, and is good for jellies and preserves.

RED JUNE (Japanese). Medium to large size; deep red skin, light, yellow flesh, sub-acid. A semi-cling ripening in June and July.

AMERICA. This is one of the very best plums for the South. Large, yellow, changing to red where exposed to the sun. Fruit delicious for eating or for cooking and canning. Tree very productive. Ripens July.

THE HANSEN HYBRID PLUMS listed below are very hardy, originating in South Dakota. They will produce heavy crops where other varieties fail.

COMPASS CHERRY. Cross between Cherry and Plum. Fruit dark red, almost black, good size. Sure bearer. Good quality and excellent for cooking, preserving and jellies. Makes fine pies.

OPATA. Another Hansen Hybrid. Color dark, glossy purple, purple red flesh, juicy, highly flavored, bears first year after setting out and continues to bear heavy crops each year thereafter.

HANSKA. Cross between Apricot and Plum, from China. Very hardy, beautiful color, very fragrant, has strong apricot flavor. Bears young and is very prolific.

PRICES ON ALL PLUMS

	Each	10	100
2 to 3 ft. Two Year -----	\$.29	\$2.70	\$22.50

WHY YOU SHOULD BUY FROM US

- (1) Extra selected stock, true to name.
- (2) Prompt shipment day order is received.
- (3) Replace free of charge any tree that is not true to name or does not live.
- (4) We prepay postage, express and freight.
- (5) Keep the South's money in the South.

CHERRIES

Cherries may be grown with some success throughout the South and Southwest. Plant a few trees in and around your home. In addition to the delicious fruit, they are very ornamental.

NEW CENTURY. We take pleasure in recommending this fine cherry for Texas and Southwest planting. Originated in Grayson County. Fruit medium to large, bright red, juicy, tart, fine flavored. Splendid for eating off the tree, cooking and pies. Tree strong grower and bears abundantly. If you like cherries, try New Century.

BLACK TARTARIAN. (Sweet). Large size of purplish black, excellent flavor. This is the large California Cherry that is sold everywhere on the market. Worthy of a trial.

EARLY RICHMOND. One of the earliest cherries, medium size, light red fruit, tart and juicy. A most satisfactory cherry. Makes excellent pies.

PRICES ON ALL CHERRIES

	Each	10

We prepay postage, express and freight.

IT TAKES lots of hard work to plant and care for trees; plant good stock for best results.

PECAN TREES

The pecan is too well known to need much description. If you have any suitable land, by all means plant a pecan orchard. We will give you full information as to what kind of soil, varieties to plant, cultivation, spraying, number of trees to plant per acre, etc. Also plant pecan trees around your home for shade as well as for the nuts they bear. Our trees are all grown by experts, buds are cut from healthy, bearing trees, and you are sure to get trees true to name. Be careful about buying pecan trees from mail order houses that do not know their own stock; you may lose a lot of valuable time. Eastern varieties such as Success, Stuart, Schley, Delmas and Moneymaker do best if planted east of Fort Worth. The western varieties, such as Burkett, Halbert and Texas Prolific, do well all over Texas, except probably the Coastal section, and are especially adapted to that great area lying west and southwest of Fort Worth.

EASTERN VARIETIES

SCHLEY. Finest for eating; nut very large, very thin shells; fills out exceptionally well, and is in our judgment the finest flavored of all pecans.

STUART. The hardiest, most productive, and most widely planted variety. Nuts large to very large, 1½ to 2 inches long, oblong with brownish shell, strongly marked with black. Thin shell, full kernel, pump. In quality one of the very best the flavor being rich and sweet. Heavy bearer, tree strong grower, reaching an immense size, and long lived.

SUCCESS. Nut large, moderately thin shell, nuts well filled and excellent flavor. Seems to be particularly free from all diseases.

DELMAS. Nut large, shell moderately thin, excellent quality, good flavor, rich and sweet. Quite successful in Central and North Texas, and Oklahoma.

MONEYMAKER. One of the surest bearers, year in and year out. A very strong hardy grower, long lived. Nut medium sized, thin shell, meat very sweet with excellent flavor. Really one of the best for general planting over Texas.

WESTERN VARIETIES

HALBERT. Very prolific, bears early, thin shell, fills out well; 58 per cent meat, sweet, rich, excellent flavor. Keeps splendidly.

TEXAS PROLIFIC. Another splendid Western variety. Nut very beautiful and attractive. In richness and flavor, it is one of the best that ever came out of a shell. The tree is beautiful, healthy, and is in the heavy bearing class, often producing nuts in the nursery row. All our Texas Prolific is absolutely true to name.

BURKETT. A western variety of the highest merit. Early and regular bearer, tree at Eastland two years old matured 32 nuts, and when three years' old set 227 nuts; 60 per cent meat, sweet, rich and delicious. When you set a Burkett Pecan tree, you get the best there is.

BUY THE BEST

Our pecan trees are Texas grown, have fine, heavy root system, clean, smooth and free from disease. You will get better results than from trees grown in Florida, Georgia and Mississippi.

NEW LOW PRICES ON PECAN TREES—EASTERN VARIETIES

6 to 8 ft. extra selected, well branched bearing size trees-----	2.50	22.00	175.00

JAPANESE PERSIMMONS

One of the most valuable small trees for the South is the Japanese Persimmon. Not only does it bear quantities of beautiful large fruit, but the foliage is of a deep rich, lasting green, making the tree particularly desirable for planting, even on a small place.

The Japanese Persimmon is many times larger than the native variety, and the tree requires but little room and but very little care.

PRICES

EXTRA SELECTED. 4 to 5 ft. bearing size Persimmon trees, strong, healthy and vigorous. \$1.00 each, delivered.

FIRST CLASS. 3 to 4 ft., sturdy, healthy trees, 80c each, delivered.

ORCHARD SIZE. 2 to 3 ft., 60c each, delivered.

WE START SHIPPING DEC. 1st, UNLESS OTHERWISE STATED

BLACK WALNUTS, GRAFTED

Extra large, lots of meat. Rich and sweet. 3 to 4 ft. Each 85c; 10 for \$7.50.

ENGLISH WALNUTS, GRAFTED

Hardy and suitable for planting in South. 3 to 4 ft. Each 85c; 10 for \$7.50.

MULBERRIES

BLACK ENGLISH. The variety having the largest, black berries, fine for eating and pies. Heavy bearer.

HICK'S EVERBEARING. Bears profusely for three months, makes fast growth and is a fine shade tree. Heaviest bearer and best of all for chicken yard as fowls greedily eat all berries that fall.

PRICES ON MULBERRIES

	Each	10
3 to 4 ft. Trees -----	\$.45	\$4.00
5 to 6 ft. Heavy, large trees, bearing size -----	.75	7.00
(Postpaid to you).		

QUINCE

Nothing quite so good as Quince preserves. Plant a few trees around your place! very hardy and productive. Price, 3 to 4 ft. trees, 65c each.

HUCKLEBERRIES

The variety we offer is a native of Tennessee. Bears heavily; sweet, juicy and makes pies that cannot be excelled. Price, strong plants, each 15c; 10 for \$1.25; 100 for \$9.00.

OUR NEW GUARANTEE

Because of the finest lot of nursery stock that has been grown in years, we are able again to guarantee everything we sell to grow and live, therefore if you purchase anything from us out of this catalog, we will replace free of charge if it does not live; if it is not true to name, or is in any way unsatisfactory to you. This is your insurance gaainst cheap, shoddy nursery stock, take advantage of it.

FIGS

BROWN TURKEY. Probably the best fig for home use. Medium size, purplish brown, very sweet, highly flavored and fine for eating fresh, with cream or canned.

MAGNOLIA. Very large, greenish amber, very productive, but not quite so hardy as Brown Turkey. This is the fig grown so extensively in South Texas for canning and shipping. A very sweet, luscious fig.

PRICES ON ALL FIG TREES

	Each	10	100
18 to 24 inches, Mail Order size -----	\$.27	\$2.40	\$19.00
2 to 3 ft. Home Garden Size -----	.37	3.50	28.00
3 to 4 ft. Heavy, bearing size trees that will bear first year. .60		5.50	45.00

ASPARAGUS

Strong 2-year old roots that will produce a crop the spring following winter planting. 10 for 45c; 100 for \$2.95, postpaid.

RHUBARB

Extra strong 2-year old roots that will produce the first year. Each 25c; 10 for \$1.50; 100 for \$10.00, postpaid.

HORSE RADISH

Strong roots that will survive and produce the first season. Price, each 25c; 10 for \$1.50; 100 for \$10.00, postpaid.

GRAPES

Grapes are easily grown; they produce a crop every year. The varieties we offer will thrive on any soil. There is always a ready market for whatever surplus you produce. By all means plant a few grapevines for home use, and, if possible, plant a vineyard to bring in ready money in the summer and early fall. Our vines are heavy, thrifty, two-year, ready to bear the first year. We prepay postage and express.

RIPENS IN JUNE

HEADLIGHT. A clear, dark red grape, very tender, and delicious and sweet. The best early grape.

RIPENS IN JULY

BRILLIANT. Vine strong grower; clusters large, color light to dark red, translucent with thin bloom; skin thin, tender; pulp tender and delicious. Yields heavy. Ripens about July 1st.

CONCORD. This fine variety is still one of the best, and for looks, shipping quality, wine and jelly, it cannot be beaten. Vine strong grower, heavy bearer, berry large, black. Ripens about July 25th.

NIAGARA. A vigorous, healthy grower. Large cluster, and berry very large, clear white, of fine quality, ripens about July 20th.

DELAWARE. Berry bright red, juicy and of high flavor. Succeeds well in South and does not rot. Ripens about July 15th.

RIPENS IN AUGUST

ARMALGA. Vine vigorous and healthy, cluster large and compact. Berry large, greenish yellow, the skin is thin, tough, yet pleasant to taste, without astringency. In quality equal to the best of foreign grapes, especially valuable for Southwest Texas, West Texas, and New Mexico. Ripens about August 15th.

CARMEN. Growth vigorous, cluster large to very large. Berries black with thin bloom; pulp firm and sweet. Fine for wine and market. Ripens last of August.

RIPENS IN SEPTEMBER

FERN MUNSON. Growth very strong, cluster medium, berries large, very persistent, dark purplish red to nearly black, skin thin and tough, pulp firm and juicy with sprightly flavor. Very profitable as it ripens when all other varieties are gone. Ripens September.

THOMPSON SEEDLESS. Bunches very large: berries medium size, oval, greenish-yellow, seedless, fine flavor. Valuable for table, shipping, or for making seedless raisins.

LOWEST PRICES IN YEARS on high quality, two-year, strong, sturdy grapevines as listed below:

Each -----	\$.17
3 for -----	.45
10 for -----	1.35
25 for -----	2.75
100 for -----	8.75

GUMERA GRAPES

THE NEW WONDER GRAPE. Brought to Texas from Greece by Jim George, Arlington, Texas, several years ago. This grape should revolutionize the grape industry in Texas and the Southwest. It is a thrifty, fast grower; very prolific bearer, bearing the first year planted. The grapes are as large as plums, very sweet, and with the most delicious flavor. Bunches very large, weighing 5 lbs. and more. This grape ripens throughout June and July, before any good grapes from the California market appear, and, being of much higher quality than even the best California grapes, they will bring top prices at all times. Start you a vineyard now and reap the profits from this wonderful new grape. Prices, postpaid: Each 50c; 10 vines, \$4.25; 100 vines, \$30.00.

See Back Page for Special Bargain Collection on these Three Fine Grecian Grapes.

LADY FINGER. Long purple grape, nearly inch long; sweet, meaty and delicious. Equal to the finest California table grape. Price 65c each, 10 for \$5.00.

GEORGE'S WHITE SEEDLESS. A very sweet, juicy, clear white grape with no seed. Developed by Jim George, a native of Greece, in his vineyard near Fort Worth, from a select Grecian variety. Price, 65c each, 10 for \$5.00.

OUR GUARANTEE: We guarantee to replace any tree that is not as represented, or does not live. That is the kind of guarantee that is worth something to you. It is your insurance against inferior, poorly rooted, weakly stock. Ask your neighbors if we live up to it.

WE START SHIPPING DEC. 1st, UNLESS OTHERWISE STATED

STRAWBERRIES

Strawberries require little room and attention, and will do well in any soil adapted to ordinary farm or garden crops. In preparing to plant strawberries, the soil should be prepared to a good depth and enriched with a well-rotted stable manure or good commercial fertilizer. For large plantings the plants should be in rows 4 feet apart and 18 inches apart in the row, but in small plantings they can be successfully grown in rows 2 feet apart and 15 inches apart in the row.

This season we are offering only 7 varieties, but these will cover the season from early to late. Well suited for planting throughout the South.

PRICES ON 5 VARIETIES LISTED BELOW

90c per 100; \$2.10 per 500; \$3.50 per 1000; postpaid, or express paid.

LADY THOMPSON. Medium size, solid meat, making it a fine variety. Ripens early.

KLONDYKE. An excellent variety for this section. Berries large, bright red and juicy. Mid season.

SENATOR DUNLAP. Prolific, producing heavy crops of dark red, top-shaped fruit. Medium to large size. Mid-season.

AROMA. Larger size; dark red. Good commercial sort because of its shipping qualities. Late.

MISSIONARY. The finest berry for South Texas. Berries large, bright red and excellent flavor. Good shipper, heavy producer.

EVERBEARING STRAWBERRIES

MASTODON. A great, new berry. The largest and most productive of the everbearers, sweet, highly flavored and a good shipper. Ideal for the garden. All of the above varieties, strong, specially grown plants may be ordered and planted in any month except July and the first half of August. Many of our customers prefer to plant early in the fall for a crop of berries in the late winter, and early spring.

PRICES ON MASTODON STRAWBERRIES

25 for 60c; 100 for \$1.50; 500 for \$4.75; 1000 for \$8.75. By Parcel Post or Express prepaid.

These prices are exceptionally low for fine, young plants, full of life and vigor. Shipments start December 1st, and last until May, 1937.

COMPARE OUR STOCK! COMPARE OUR DELIVERED PRICES!

We believe in our stock, and guarantee to replace free of charge any Tree, Plant or Shrub that is not true to name, or that is in any way misrepresented; or fails to live and grow.

Ask your neighbors about our reliability, 38 years of fair dealing is our record.

Do Not Make the Mistake of Buying Nursery Stock Just Because It Is Priced at 10c or 15c Per Plant. You Will Lose a Lot of Valuable Time; be Bitterly Disappointed and Get Nothing in Return.

IMMENSE NEW BOYSENBERRY

Cross between blackberry, raspberry and loganberry. Large berry, 1½ inches long, 1 inch diameter. Delicious flavor, resembling raspberry; very sweet and juicy, no sugar required. Bears from 8 to 10 weeks during summer and fall. Will stand 15 degrees below zero. Very drought resistant. All in all, we think the largest and most delicious berry ever introduced. Does exceptionally well all over the South. Price, No. 1 strong plants. 25c each; 10 for \$1.75; 100 for \$12.00.

BLACKBERRIES AND DEWBERRIES

DALLAS BLACKBERRY. Fruit large, round, juicy and sweet. Mid-season.

MCDONALD BLACKBERRY. Cross between Dewberry and Blackberry, very early, large, excellent quality.

ROBINSON BLACKBERRY. Ripens late, fine quality, best canning variety.

AUSTIN DEWBERRY. One of nature's most luscious berries; large, sweet, excellent flavor. Prices for strong, bearing size plants of above varieties, 50c for 10; \$3.50 per 100; \$25.00 per 1,000; delivered to you free.

THORNLESS DEWBERRY. Similar to Austin Dewberry, but absolutely free of thorns. Price, 75c for 10; \$7.00 per 100; \$60.00 per 1,000; parcel post or express prepaid to you.

ROSES

There is no group of flowers so lovely and universally popular as roses. For ornamental effects, in rows or beds, or as climbers for trellis, fence or pergola, they are unsurpassed. As cut flowers they have no rival. Fortunately, almost every variety of rose is at home in Texas and the South. We grow our roses in Smith County, Texas, where millions of rose bushes are grown every year, and shipped to every part of the United States. We have over 400,000 rose bushes growing under contract, and out of this vast multitude of select stock, we pick the finest, strictly No. 1 bushes for our own trade. When you buy roses from us, you get the very best that can be grown, and only extra selected plants. The varieties listed below, from actual field test, do well all over the South and Southwest, where no protection from severe winter weather is needed. Do not be misled into buying rose bushes from sources who offer plants at ridiculously low prices; such plants are usually small, weak stock, and even if they survive the first summer, they seldom give enough bloom to pay for the ground they occupy.

PLANTING INSTRUCTIONS

- (1) Prune plants back to three or four canes, six to eight inches long.
- (2) Dig hole big enough to accommodate roots when spread out.
- (3) Set rose bush a little deeper than it grew in Nursery row. Pack dirt firmly, water well.
- (4) Mound up dirt to tops of canes for about ten days, until plants get established. This will prevent shriveling.

PRICES ON ALL ROSES

CLIMBING ROSES

CHAPLINS PINK
CL. AMERICAN BEAUTY
CL. K. A. V.
MARECHAL NEIL
MERMAID
PAULS SCARLET
SILVER MOON

Bright shade of clear, pure pink.
Rose pink, strong grower.
Pure white, monthly blooming climber.
Light yellow, a favorite throughout the South.
Buttercup yellow, very lovely.
Fiery red, a dazzling beauty.
Pure white, with yellow center.

WHEN TO PLANT ROSES

Plant your rose bushes any time from Dec. 1st on, until Spring. We begin shipping roses Dec. 1st, and can fill your order any time from Dec. 1st until May 1st, 1937. We think early Winter planting the best.

AVOID BUYING CHEAP ROSES

Some mail order houses are offering rose bushes, claiming them to be "TWO-YEAR, FIELD GROWN" at as low as 15c. You will be disappointed in this sort of stock. They are weak, poorly rooted, small, and will never give you any satisfaction.

BEAUTIFY TEXAS—PLANT NOW FOR BEST RESULTS

SHRUBS AND HEDGE PLANTS

Nothing adds so much to the beauty of the home surroundings, nothing gives so much pleasure, as a good lawn and well-placed shrubs and vines. It is seldom indeed that a home in the country, suburbs, or town cannot be greatly improved in appearance by the judicious treatment of the grounds; and for this purpose both evergreen and flowering shrubs lend themselves admirably. Shrubbery is most effective in bringing out certain features of the lawn and softening harsh lines, to screen some unsightly building or break the outline of foundation walls.

ALTHEA—Hibiscus, Rose of Sharon. These are tall upright shrubs, very desirable for Southern planting. Blooms in mid-summer and continues until early fall.

BUSH ALTHEA

ALTHEA—ALPLISSIMA, double red.
ANEMONAEFLORA, double pink.
ADRENS, double violet.
BI-COLOR, white with red center.
BOLE DE FUE, double violet red.
DUCHESS DE BRABRANT, double clear red.
JEAN DE ARC, double pure white.
LADY STANLEY, semi double.
POMPON ROUGE, double deep violet.
RUBIS, single red.
VIOLET CLAIRE, single clear violet.
PULCHERIMMA, double—pink variegated.

Prices on Bush Althea—strong, well branched plants—50c each, 10 for \$4.00

FLOWERING WILLOW

This beautiful native Texas shrub should be included in every order for shrubs. In two colors, purple or white. Flowers tubular, and borne in terminal clusters. Will withstand any climatic conditions, and thrives in heat and drouth. Price, 50c each, delivered, for strong, thrifty plants. Height eventually about 12 feet.

BUTTERFLY BUSH—BUDDLEIA

A lovely shrub of recent introduction. Flowers are a lovely lilac purple, borne in long racemes all through the summer months. Very sweet fragrance, which attracts butterflies in great numbers all during the blooming season. Splendid as a cut flower. Price, heavy, strong plants, 50c each delivered.

RED SALVIA—SALVIA GREGGII

A hardy, compact growing, ever-blooming red-flowering shrub. Native of the arid mountains of West Texas. Grows and blooms in the hottest and driest weather. From early spring until killing frost plants are literally covered with dark soft cerise crimson flowers. Splendid for low borders, and planting around house. Price, 50c each, delivered.

TAMARIX—SALT CEDAR

Will grow on any soil or under any conditions. Has feathery, silvery gray-green foliage, with long pinnacles of deep rose flowers. Price, 50c each, delivered.

CRIMSON SPIREA

SPIREA ANTHONY WATERER. Dwarf shrub, upright grower. Leaves bright green, frequently variegated yellow and red, flowers bright crimson grown in flat clusters at tip of branches. Nothing takes its place as a border plant. Remains in bloom a long time. Price, strong heavy plants, 60c each, delivered.

BLUE SPIREA

A dwarf-growing spirea, producing lavender-blue flowers from mid-summer until fall. Valuable for its color and foliage. Not entirely hardy. Strong, sturdy bushes, 60c each, delivered.

CREPE MYRTLE

This is the South's most beautiful and useful shrub, reaching an ultimate height of 12 to 14 feet. Beautiful fringed and ruffled flowers all during the summer and end of fall. Watermelon red, bright pink, purple, white. Prices on above varieties 50c each; 10 for \$4.00; Postpaid, for strong bushy plants two to four feet in height.

VITEX—CHASTE TREE

One of the finest shrubs for planting in the South, as it grows fast, has beautiful long spikes of pleasing blue, the leaves having a very aromatic and pleasing fragrance when brushed against or mashed. As it blooms right on through the hot summer months until frost, it is one of our finest shrubs for backgrounds, and specimens. Ultimate height 12 to 14 feet. Price, 50c each, delivered.

BRIDAL BOWER

(Spirea Van Houette)

The most popular of all the spireas. A tall growing, spreading variety with drooping branches. Produces a profusion of white flowers in early spring. Desirable for mass planting and hedges. Perfectly hardy and highly desirable. Price, 50c each, delivered.

WE START SHIPPING DEC. 1st, UNLESS OTHERWISE STATED

RED BARBERRY

A fine, low-growing, highly-colored shrub for planting around the house, as a hedge, or as specimen. Leaves small, bright green, changing in fall to scarlet; berries red and will remain on well into the winter. Price, heavy, healthy specimens, 75c each, delivered.

JAPAN QUINCE—Fire in the Bush

This is one of the most striking and beautiful shrubs we have. In early spring the whole bush is a mass of blazing red, before any other shrubs are in bloom. Hardy and long-lived. Price, 60c each, for large, strong plants; delivered.

HARDY HIBISCUS

Has large, heart-shaped dark-green leaves, and immense flowers, sometimes as large as a saucer, that cover the plant all during the summer and fall. Colors, fiery red, pink, white. Price, 50c each, postpaid.

BUSH HONEYSUCKLE

This is one of the most satisfactory shrubs one can plant in the South. Dark green foliage, almost evergreen, pink, red and white honeysuckle flowers, followed by red berries. Be sure to include this in your shrubbery order. Price, 50c each, postpaid.

POMEGRANATE

A splendid ornamental shrub, pretty shiny green leaves. In springtime covered with brilliant red flowers as large as roses; followed by highly colored fruits. Price, heavy, strong plants, 50c each, delivered.

DEUTZIA—Pride of Rochester

Popular because of its beautiful large double-white, rose tinted flowers. Large strong growing shrub, and the very first to bloom in spring. Price, 50c each, delivered, for strong, heavy bushes.

MOCK ORANGE

A large strong-growing shrub, valuable in shrubbery planting. Healthy, light green foliage; white blossoms of delightful fragrance produced in April and May. Price, for heavy, strong bushes, 50c each, delivered.

GOLDEN BELL—FORSYTHIA

This beautiful shrub is a mass of golden beauty early in spring, before most any other shrubs show signs of bloom. Sturdy, strong plants, 50c each, delivered free to you.

ARTEMISIA

Silver King. This striking silvery, white foliage plant should be planted with other shrubbery near the front, for its striking silvery gray foliage which gives a pleasing variation to the different shades of green. Heavy clumps, for quick effect, 50c each, delivered.

SNOWBALL—VIBURNUM

Common Snowball (Viburnum Opulus Sterile). Well known, old-time favorite. Of upright growth, medium size. Flowers produced in globular clusters, pure white, hardy. Price, 75c each; \$6.00 per 10; postpaid.

HYDRANGEA

Large Flowering Hydrangea (Hydrangea Paniculata Grandiflora). Another old-time shrub. Flowers pure white borne in large pyramidal bunches, blooming in July and continuing until frost. A strong grower and delights in fertile soil with plenty of moisture. Price, 75c each; \$6.00 per 10; postpaid.

LILAC

The lovely, sweet-scented lilac has always been highly esteemed; in poetry and song its praises have been sung. We furnish strong, blooming size shrubs, in lavender or white. State color. Price, 50c each, delivered.

DOGWOOD

Large, white flowers, shiny light green foliage. A very distinctive and lovely shrub when in full flower. We furnish strong, sturdy blooming size shrubs. Price, 75c each, delivered.

BIRD OF PARADISE

A fast-growing, profuse blooming shrub, splendid for Southern planting. Has large yellow and red flowers, with striking gray-green foliage. Does well everywhere. Heavy blooming-size plants, 50c each, delivered.

RED BUD

A native American tree or shrub, covered in early spring, before the leaves appear, with pinkish red flowers. Price, large plants, 50c each, delivered.

FRENCH HYDRANGEA

This is the most beautiful of all outdoor flowering shrubs. This is the variety that is grown extensively all over the lower South, East Texas, Louisiana, and Mississippi. Colors: Pink, Red and Blue. State choice. Price for strong blooming size plants 75c each.

PAMPAS GRASS

Finest of all ornamental grasses. Beautiful light green foliage, and in summer sends up tall, silvery plumes which are very distinctive. Large clumps for immediate results, 75c each, delivered.

CLIMBING VINES

WISTERIA

Purple (Sinensis). An excellent vine for Southern planting. Flowers light purple and blue in early spring, borne in large drooping clusters. Well adapted for arbor planting. Price 50c each.

White. (Sinensis Alba). Resembles the purple variety, but with white flowers. Hardy and very desirable. Price, 50c each.

AMPELOPSIS—IVY

Boston Ivy (Ampelopsis Veitchii.) A vine that covers with over-lapping foliage; self-clinging and will adhere closely to the smoothest surface. Leaves a deep green, changing to crimson and yellow in autumn. When once established requires no further care. Ideal for planting on stucco and brick walls. 50c each; \$4.00 for 10; postpaid.

Virginia Creeper (Ampelopsis Quinquefolia). Large green leaves changing to crimson in the fall. Requires no support and suited for covering tree trunks and walls. Price, 50c each; \$4.00 per 10; postpaid.

Queen's Wreath. One of the loveliest climbing vines for the whole South. Grows fast; affords a dense, thick shade, and is covered in the fall with a mass of glowing rose pink flowers of rare beauty. Dies down each year, but comes back the following spring stronger than ever. Price, strong plants that will bloom the first year, 45c, postpaid.

Bignonia-Radicans. Large, trumpet shaped, scarlet, flowers throughout the summer and fall; deep green foliage, almost evergreen. One of the finest climbers for the South. Strong plants, 60c each, postpaid.

Perennial Sweet Pea. For covering trellises, lattice work or fences, this plant is unsurpassed. Flowers with long strong stems, identical with sweet peas that bloom throughout the summer and fall after sweet peas are gone. Colors, rosy-pink and white. Strong plants that will make heavy growth the first year, 50c each, postpaid.

Summer Grape. This is a wild grape that ripens in the summer and makes a very healthy fast growing vine for covering trellises, etc. Price, strong plants, 30c each, postpaid.

Frost Grape. This grape ripens late in the fall and is a very desirable cover for trellises, fences, lattice work, etc. Strong plants, each 30c, postpaid.

Muscadine Grape. This is the native wild grape of Texas and makes a very rampant growth and dense foliage. The grapes are used extensively for making wine. Strong two year plants, 40c each, postpaid.

HONEYSUCKLE

Hall's (Lonicera Halliana). A strong growing honeysuckle that is almost evergreen. Its flowers are white changing to yellow and very fragrant. Price, 40c each; \$3.00 per 10; postpaid.

Scarlet Trumpet (Lonicera Sempervirens). A brilliant variety with trumpet-shaped flowers of bright scarlet. Valuable for use on porches and trellises. Price, 40c each; \$3.00 per 10; postpaid.

CLEMATIS

Paniculata (Sweet-Scented Clematis). Flowers small, star-shaped; white in color and produced in enormous quantities. Very fragrant and easily established. Price, 50c each; \$4.00 per 10, postpaid.

Jackmani. Deep velvety-purple flowers of large size. One of the most popular. Price, \$1.00 each; \$8.50 per 10, postpaid.

Madam Edouard Andre. Large crimson-red flowers. A free-bloomer when once established. Price, \$1.00 each; \$8.50 per 10, postpaid.

HEDGES

BEAUTIFY AS THEY SERVE

The hedge is more than its own excuse for being; it justifies its existence in various ways. Around the small yard of a cottage or the formal terrace of a city house, the Amur Privet or Arborvitae can be trimmed and kept in scale with the size of the lawn. If there is an ill-kept vacant lot adjoining, or the sun room is near the street, then let your Amur hedge grow rankly.

A hedge may serve to shield from view the chicken yard or the family wash, or suggest to the children that the playhouse yard must end where a neighbor's lawn begins.

AMUR RIVER PRIVET (L. Amurensis)

Most popular and best hedge for the South. Very beautiful evergreen, dense in growth, dark green, very compact, and establishes a very good hedge in one year. Very hardy and well adapted to general planting. Exceedingly beautiful and permits shearing to any height or shape.

	10	100
12 to 18 inch -----	\$.50	\$4.00
18 to 24 inch -----	.70	5.50
2 to 3 foot -----	1.00	8.00

WE START SHIPPING DEC. 1st, UNLESS OTHERWISE STATED

CALIFORNIA PRIVET

This beautiful hedge plant has a larger leaf than Amur Privet, and is very beautiful in summer and fall, lending itself admirably to shearing. However we do not consider it as useful for planting in the South as Amur River because it loses some of its foliage in the winter, whereas, Amur River Privet will look pretty the year round.

	Each	10	100
NEW GIANT RED; NEW GIANT PINK;			
NEW GIANT WHITE -----	\$.19	\$1.65	\$12.00

DAHLIA

Heretofore Dahia clumps (the ones that will really produce flowers) have been too high for the average gardener. Now we are able to offer Dahlia clumps of fine varieties in color that will give five or six times as much bloom the first year as the single tuber usually sold. The colors listed below are the large decorative type, sometimes 8 to 10 inches across. They will surely bloom for you.

COLORS: LAVENDER—PINK—RED—YELLOW—WHITE. State colors wanted.
PRICES ON HEAVY CLUMPS, 29c each; 10 for \$2.50.

IRIS (Bearded)

When you think of Iris, probably you think of the old flags you have seen growing for years, and never cared anything particularly about them. Well, these new bearded Iris we offer are as different from the old flags of childhood memory as daylight is from dark. A delightful surprise awaits you.

	Each	10	100
AMBASSADEUR. Deep lavender, bronze and maroon-----	\$.19	\$1.65	\$12.00

LILIES

MADONNA LILY. This lovely pure white lily does exceptionally well all over the South, standing all sorts of drought and hot weather, and coming back the next year stronger than ever. Large size bulbs, 29c each; 10 for \$2.50.

TIGER LILY. Orange red, spotted purple black. Very hardy and can be grown by anybody. 25c each; 10 for \$2.15.

Everything on this page sent postpaid.

FLOWER SEED

Our flower seeds are grown by recognized specialists in California, and they are just as good as you can get, regardless of the glowing descriptions, and high sounding adjectives used by many seed houses. The growing of flower seeds, under ideal conditions, is centered in a small district in California, where they are grown and shipped to every section of the world. Our seed are the best they grow; they are no better than you can get from other first-class seedsmen, but they are identical in every respect. We do not mix old crop seed with new crop, so you may expect to get nearly 100 per cent germination from the seed we send out. Also, you can save about one-half on your seed bill; that is something to remember.

AGERATUM. LITTLE BLUE STAR. Fine border plant; bright blue flowers. Blooms profusely all through fall. Packet of 500 seed, only 7c.

AMARANTHUS (Joseph's Coat). Tall foliage plants with variegated red, yellow and green leaves. Packet of 500 seed, only 7c.

OUR SEED GUARANTEE

We will replace, free of charge, any seed you buy from us that does not come up and grow; that is not true to name and variety, or that is in any way unsatisfactory to you. This is your insurance against cheap, shoddy seed, which has often been carried over from previous years, and will not sprout.

WE START SHIPPING DEC. 1st, UNLESS OTHERWISE STATED

ORNAMENTAL GARDEN, BEDDING AND BOX PLANTS

Plants in this department are shipped from nearby Greenhouses. We offer a complete line of these plants at **LOWEST PREPAID PRICES** for **QUALITY PLANTS**. All our plants are grown in greenhouses in pots and will reach you in good condition. However, since growing conditions are beyond our control we cannot guarantee the plants to live. In most localities **FEBRUARY 1st** is early enough to put these plants out, and unless otherwise instructed we will start making shipment as soon after that date as plants are ready. **KINDLY ORDER EARLY.**

AGERATUM

DWARF BLUE. Compact growth, fine for bedding, basket or box work. True blue color and always in bloom. 10c each; 3 for 25c; 12 for 75c.

ALTERNANTHERA

Admirably adapted for border plants, carpet bedding, or massing front lines in foliage beds. Compact growth. 10c each; 3 for 25c; 12 for 75c.

BEGONIAS

Begonias make lovely house plants. They are easily grown and are constantly in bloom. Red or pink, 15c each.

CALENDULA

Bushy plants with dense green leaves, bear large disc like flowers. Blooms from early summer to late fall. Double flowers; very valuable for cut flowers. Orange or yellow. 10c each, 3 for 25c; 12 for 75c.

COLEUS

A very fine assortment of mixed bright colors. Also trailing varieties for boxes. 12c each; 3 for 30c; 12 for 90c.

CARNATIONS

Carnations are probably the most popular of all flowers and they are easily grown if properly cared for. The plants we offer are the large flowering types. Giant double white, pink, red, yellow or violet. 15c each; 3 for 40c; 12 for \$1.25.

DAHLIAS

For specimen plants and for rich autumn display these flowers cannot be surpassed. Very valuable for cut flowers. Single Mixed, Double Mixed, Cactus Flowered Mixed. 12c each; 3 for 30c; 12 for 90c.

FERNS

Ferns are the most satisfactory of all house plants. They are easily grown and are beautiful the year round. **BOSTON FERNS**, 15c each; **Sprengeri Ferns**, 10c each; **Plumosus Ferns**, 10c each.

CHRYSANTHEMUMS

Plants should be set out between April 1st and June 1st. If well fertilized, watered and disbudded will produce large specimen flowers. Prices on all varieties: 10c each; 12 for \$1.00. **LARGE FLOWERING TYPES:** Red, yellow, white, bronze, lavender, pink. **POMPON or SMALL FLOWERING TYPES:** Red, yellow, white, bronze, lavender, pink.

GERANIUMS

No plant lends itself to such general usefulness as the Geranium. For pot work and bedding it is unsurpassed. Red, pink, salmon and white. 15c each; 12 for \$1.50. **MIXED BEDDING GERANIUMS:** Mixture of good colors for outdoor bedding, 10c each, 12 for \$1.00.

HIBISCUS

A plant of rare beauty for the house and outdoor planting. Double Crimson, Single Red, Double Pink. 15c each.

HELIOTROPE

A fragrant plant with sombre green foliage, large clusters of dark blue to deep violet flowers. Rapid grower. 12c each, 3 for 30c; 12 for 90c.

LANTANAS

One of the most satisfactory plants for all kinds of outdoor planting, whether for specimens, hedges, borders or fill-ins. Withstands hot dry weather and blooms profusely from early summer to killing frost. White, yellow, red and orange, pink or trailing lavender. 15c each; 12 for \$1.25.

MARIGOLDS

Late in the season when many other growing things are past their prime, these plants supply an abundance of decorative blossoms. Excellent for bowls or vases. The bright green foliage is finely cut, and the stems are stout. **TALL DOUBLE**, yellow or Orange; **POMPON FLOWERING**, Yellow or Orange, 10c each; 3 for 25c; 12 for 75c.

BEDDING PLANTS, Continued

DIANTHUS Sweet Wivelsfield

This new hardy annual Dianthus resembles a large flowering Sweet William. Its flowers are carried more gracefully in loose heads well above the foliage, making an excellent cut flower. Blooms from early spring to late fall. Mixed colors. 12c each; 3 for 30c; 12 for 90c.

PANSIES

Our pansies are grown from the highest grade of seed. Large flowering sorts, containing many rare and beautiful colors. These plants are ready for immediate shipment and should be planted at once for early blooming. Will bloom profusely until early in the summer. 4 for 25c; 12 for 65c; 100 for \$4.00.

PLUMBAGO

A well known favorite; valuable because it produces fine foliage and large trusses of beautiful flowers in profusion throughout the spring, summer and fall. Light blue or white. 15c each; 12 for \$1.25.

BEDDING PETUNIAS

For persistent bloom throughout the hot dry summer, nothing equals the Petunia. We offer a very fine assortment that will enable you to make the most attractive beds. Blood red, purple and white variegated star, rose pink, light blue, purple, sky blue. 10c each; 3 for 25c; 12 for 75c.

PETUNIAS

Giant Fringed, Double and Ruffled Monsters.

These plants, while not as hardy and prolific as the bedding types, make a fine show for beds, baskets, boxes, etc., and include very best novelties obtainable. Blood red, deep rose, steel blue, Elk's purple.

PHLOX

Drummondii Grandiflora

This hardy annual is unequalled for magnificent display of brilliant colors when used in beds. Will thrive in most any soil, growing from 6 to 12 inches tall. This plant is a native of Texas. Rose pink, yellow, glowing crimson, violet-purple. 10c each; 3 for 25c; 12 for 75c.

SALVIA, Flowering Sage

Dense dark green foliage, compact plants, countless spikes of tubular florets. Dazzling scarlet color. Unrivalled in masses or as a hedge or border. 10c each; 3 for 25c; 12 for 75c.

SNAPDRAGON

Large spikes, dark foliage, each flower is amusingly like a lion's head that opens and closes. Hardy annual. Fine for cut flowers. Yellow, bronze, red, white, rose pink. 10c each; 3 for 25c; 12 for 75c.

STOCKS

Long stems and imposing spikes of large flowers; sweet fragrance, bright green foliage. Our stocks are Giant Early Double Types. Lavender, yellow, rose, white, purple, red. 10c each; 3 for 25c; 12 for 75c.

VERBENAS

Ideal for low borders, bare sunny spots in the garden and for masses of color. We offer the very best, largest improved varieties. Cerise, pink, lavender, purple, white, scarlet, yellow. 10c each; 3 for 25c; 12 for 75c.

HARDY PERENNIALS

All plants listed below good strong pot grown plants. Prices: 15c each; 3 for 40c; 12 for \$1.25.

AQUILEGIA (Columbine). Long spurred mixed.

ARTEMISIA. Bright silvery foliage.

SHASTA DAISY. Large graceful white flowers.

COREOPSIS. Bodger's double yellow. Very fine.

DIANTHUS. Hardy garden pinks. Mixed colors.

DELPHINIUM. Hardy larkspur. Light blue, dark blue, red.

GYPSOPHILIA (Baby's Breath). Mist like white flowers.

HOLLYHOCKS. Giant double. Orange, pink, yellow and red.

FEVERFEW. Double button-like white flowers.

SWEET WILLIAMS. Free flowering, giant types. Pink, white or red.

HARDY SWEET PEAS. Very showy. Medium tall growing vines. Pink, red, and white.

SEA LAVENDER. Perennial Statice. Fine for cut flowers in either green or dried state.

New Giant White Double SHASTA DAISY

This new sport of Shasta Daisy is very interesting. The blooms come in true doubles, semi-doubles, and large broad-petaled singles. These have been a sensation since introduced in 1934. 20c each; 3 for 50c; 12 for \$1.50.
